A Tale of Two Acts

Over the last century there have been two episodes of mass homelessness in the United States. Legislation from each era tells the story...
Act I

• The Housing Act of 1937 committed:
  “to remedy the unsafe & unsanitary housing conditions & the acute shortage of decent, safe, & sanitary dwellings for families of lower income...”
Act II

• The Quality Housing & Work Responsibility Act of 1998 declared:
  “the Federal Government cannot through its direct action alone provide housing of every American, or even the majority of its citizens.”
War on the Poor

Housing As Commodity

- Feds turn housing over to private market in the 1970s.
- 261,419 Units of Public Housing lost through sale, demolition & HOPE VI – Estimates including Project based Section 8 well over 360,000.
- Over 5 million foreclosures from 2008 - 2014.
- 13 million vacant housing units in 2013.
Cause and Effect

HUD’s budget authority was cut by 77% from 1978 to 1983. Since 1983 Laws Criminalizing Homelessness tripled (Calif).
Rural Housing Cuts

USDA built 38,650 affordable housing units in 1979 & only 763 in 2011 — in 2012 & 2013 the number is 0.

Rural Affordable Housing Units Created by Section 515 (USDA)
Starving Public Housing

- Over 260,000 units lost through sales, demolition, & HOPE VI program.
- $26 billion in repairs needed due to ongoing capital fund cuts.
- HUD now says only private investment can save public housing.
- New demonstration allows 60,000 units to be mortgaged off.
- Nation’s most permanent form of low-income housing is being lost.

**FROM REAGAN TO BUSH**
**FOR TWENTY-FIVE YEARS**
**A SPIRIT OF ABANDON**

Starting in 1979, our federal government began slashing billions from the public housing budget. That money has never been replaced. In 2003 over 1.3 million children in America experienced homelessness.

Impacts on Communities

- Families with children are fastest growing group of homeless people.
- Seniors and people with disabilities can be found in shelters and under bridges in many communities.
- Lack of legal status, rights, & public benefits fuels homelessness amongst undocumented immigrants.
The Vicious Cycle of Homeless Policy

- Increased homelessness.
- Temporary responses to homelessness that fail to address the systemic causes of homelessness.
- Periodic calls for local homeless plans based on the newest policy.
- Ever-changing policies geared toward fixing different sub-populations of homeless people.
- Stereotypes of homeless people as degenerate.
- Premise that homelessness is caused by the deficiencies of homeless people.
Criminalization of Homelessness / Poverty

At the heart of our Civil Rights work is outreach to homeless and poor people that documents their experiences with local police and private security. We have recently surveyed 1,527 people in 17 cities throughout 8 states. There can be no denying that “Broken Windows,” “Quality of Life,” “Civil Sidewalks,” and “Safer Cities” initiatives are anything less than a reincarnation of “Ugly Laws,” “Anti-Okie laws,” “Sundown Towns,” “Bracero Treaty” and “Jim Crow” when you hear directly the voices of those who are the targets of today’s campaigns.

The main “illegal offenses” that homeless people are being targeted with:

* 81% for sleeping, with 49% of these people cited and 29% arrested
* 76% for sitting or lying down, with 42% of these people cited and 24% arrested
* 74% for loitering or hanging out, with 41% of these people cited and 24% arrested

Do you know of places where it is safe and legal for you to sleep outside?
* 73% No
* 27% Yes
