

A Homeless Bill of Rights Campaign

August 30, 2017 (238 organizations)

Throughout the history of the United States, discriminatory laws have stripped the most marginalized populations in our society of their constitutional rights. And time and time again, it has taken the work of those dedicated to equality and justice to challenge and end these threats to our civil liberties. So while the Civil Rights Act of 1964 and the Voting Rights Act of 1965 ended Jim Crow segregation, it is important for us to remember that it took the organizing and sacrifice of thousands of freedom fighters to force legislators to act on these landmark pieces of legislation.
