

# 100 Days of Action for We the Peoples' Rights, Dignity, and Housing

Homelessness was the number one issue talked about in the 2019 campaigns. The Mayor and City Council Candidates all made promises to “do better” and address the crisis of mass homelessness in Denver when in office.

**Well, now is the time to keep those promises.**

**We the people** - poor, oppressed, marginalized and homeless - of the city of Denver have established a plan of our own for what they do in these first 100 days. It's our government.

**#Rights, Not Sights    #Services, Not Sweeps  
#Housing, Not Warehousing**

**The first 100 days starts July 15th and ends October 22nd.**
